Dear Zach,

This letter is to express my appreciation for your efforts in supporting our property search in Durango. You not only did a great job identifying properties that fit our needs, you took the time to educate me on the community due to my lack of familiarity with Durango. We are delighted with our new home and feel confident that you fully represented our interests as a buyer.

I was very impressed by your responsiveness to my questions and the thoroughness in which you managed the transaction. You made the process of an out of state purchase go quite smooth. Most importantly, your commitment to do business with integrity and professionalism was evident in all negotiations.

I wish you all the success going forward and look forward to seeing you in Durango.

Regards,

Dave Geyer
